The Mankato MoonDogs will hire two or three camera operations interns for the 2024 season. MoonDogs interns will have the opportunity to work hands-on in vital roles within the organization over the course of the season. Internships are seasonal and include a stipend and can be used for school credit or general experience. The hours will fluctuate based on the amount of home games each week. All home games are required, and hours will depend on the day / game. Expect to work most weekends from May – August. There will also be days of preseason work to get ready for the season. Each intern will be involved in learning daily operations as well. The job duties below are the areas you will most focus in, but you must be willing to accept responsibilities outside of your job description and assist in other areas of the organization due to the small nature of the front office.
